Ok, thanks. I will let you know what comes of this meeting today.

Bob

I haven't heard anything, Bob. Let me ask around and I'll get back to you soon.
Thanks for letting us know!

FYI -- A staffer from Senator Inhof's staff (R- Oklahoma) and an Oxitec rep set up a meeting with Rick Keigwin and me for late today. I checked with Jack Bobo, and he knows the Oxitec person -- Joe Reeder?

As you may know, many of the new EPA political appointees and transition staff have a background with Sen Inhof's office.

I will let you know what outcome of the meeting is. Have you all been approached for a similar meeting?

It seems as if Mr. Reeder and the Senate staffer want to talk about the EPA/FDA roles re: GE Mosquitoes like Oxitec's.

Bob

Bob -- let me re-send the mtg notice for Thursday after 1 pm.
It works for all -- and so you don't have to rearrange your Wed.
Thanks!

I can make any of Ritu's times work, I'll just shuffle my appoints or get someone to cover for me. Seems like Mark may have the greater restrictions, but we haven't heard from Mike and Bob, as he may want to participate. Sid

Thanks, Mark and Sid!

Eric and I are relatively open next week:
-Wed PM
-Thurs PM or

-Friday AM

Would any of these windows work for you all? Am thinking ½ to 45 min might be enough for this initial brainstorming.

I would too. I have been thinking about this and it may not be as easy as suggested so far. I suspect that the POC concept may need to be supplemented with another approach, and I'll suggest that when we meet.

Hi all – Just to follow-up on the discussion at BWG this week re: single point of entry/contact – I briefly chatted with Mike M. this morning and our thinking is to bring together a small group to brainstorm about this idea and then take it to the BWG. I can set up a t-con for this small group to discuss next week. Does this sound OK? Is there anyone else you think I should include in this initial conversation?
Thanks!
Ritu
